The Maxfield Sofa Group

The **Maxfield Sofa Group** is designed with comfort in mind. This group of sofa and chair is shown in **Sunbrella** fabric **Trax/Vellum** and is available with a large variety of nail heads. "I like to use a variety of size nail heads to give a distinctive look to the

sofa base. We call this treatment: *Joe's Trail Mix*" states Ruggiero. "Today the customer wants a slightly different take on classic design and the team at **Miles Talbott** are eager to produce those little details that make for a personal home environment."

RUGGIERO TRAVELS THE COUNTRY TO TELL THE SUNBRELLA STORY!

In Chattanooga, Tennessee Ruggiero was guest on the "**This & That**" TV show to talk about his latest **Sunbrella** introductions. While there he spoke at a design event for the **Furniture Shoppe**. His tour also took him to Nashville and Atlanta. "I want to meet the people who are buying my products and those who sell

my products. Today, home owners want **comfort** in their homes. I am a big believer that every room should be lived in and enjoyed. I design my collections to address the needs of those who want to **enjoy** a beautiful home. It is why I travel. I want to get the **pulse** first hand."
