### The New Salon Sofa

This market had some new upholstery that spoke to the buyers from many parts of the United States and Canada. The Salon Sofa designed by Joe Ruggiero was inspired by those stylish sofas made popular in the Salons of Paris during the 1930's. Designed with "deep seating" and exquisite details, including nail heads, this sofa fills a need for the collection of architectural, comfortable sofas that have graceful curves and supreme comfort. The sofa is covered in Sunbrella.

### THE HILLSBORO CLUB IS BUILT LOW TO THE GROUND WITH DEEP COMFORT.

The new **Hillsboro Club** chair for **Miles Talbott** has been in development for the **Joe Ruggiero** collection for quite some time. "I have wanted to develop a club chair that is scaled for smaller spaces but has supreme comfort. This chair was inspired by many of the designs of famous French designer Jean Michel Frank. The sleek look of many of

Frank's designs are very much a part of my own design esthetic. I am extremely pleased with the results of this chair," stated Ruggiero. The New **Hillsboro Club** is covered in a new **Sunbrella** pattern for the Joe Ruggiero Collection called **ZigZag/Latte** and is piped in **Trax/Wren**. All part of the new Fall 2010 introductions for **Miles Talbott**.
